

## MAP AGREEMENT

### ZINT Minimum Advertised Price Policy

The ZINT LLC. Company (“Zint”) has unilaterally adopted this Minimum Advertised Price Policy (“MAP Policy”) on all products, which shall apply to retailers, including catalogs and internet retailers, (collectively, “Resellers”) who resell Zint products in US currency.

The MAP policy shall apply to all Zint products. Our minimum advertised price for Zint products is 80% of Suggested Retail Price (SRP), which equals a 20% discount off of SRP. The MAP policy pricing may be adjusted by Zint at its sole discretion.

The MAP policy applies to all advertisements of Zint products in any and all media, including, without limitation, mailers, inserts, flyers, posters, newspapers, magazines, catalog, mail order catalogs, internet or similar electronic media including websites, e-mail newsletters, e-mail solicitations, television, radio, and public signage. The MAP policy is not applicable to any in-store advertising that is displayed only in the store and not distributed to any consumer. In-store displays, point-of-sale signs, hang tags or bar codes or similar marks on products or product packaging which state the price are not considered advertising for the purposes of this policy. In that regard, this MAP policy does not apply to the actual sale price on any “check-out page” of any Reseller’s web site (typically the page at which the end user finally purchases the product). This MAP policy does apply to any other page(s) on the Reseller’s web site. Including a free or discounted product made by Zint with another Zint product covered by this MAP policy would violate this policy and is not permitted.

The MAP Policy applies only to advertised prices and does not apply to the price at which the products are actually sold or offered for sale to an individual customer within the Reseller’s retail location or over the telephone. Zint Resellers remain free to sell MAP products at any prices they elect. This MAP Policy does not in any way limit the ability of any dealer to advertise that they “have the lowest prices” or they “will meet or beat any competition’s prices,” that consumers can “call for a price” or similar phrases as long as the price advertised or listed is not below MAP.

From time to time, Zint may instigate promotions for prices covered by the MAP Policy because the products are being discontinued, just being released, or at Zint’s discretion. In such events, Zint reserves the right to modify or suspend the MAP with regards to all or certain products at its sole discretion with 7 days advanced notice to Resellers provided that such changes will apply to all Zint Resellers.
